

RE: Docket # [REDACTED]

TO: Dockets Management Branch (HFA-305)
Food And Drug Administratioin

In order to reduce egg borne diseases due to contaminated eggs, I urge you to ban forced molting of hens. This is so stressful that it destroys the hens' immune system, predisposing the birds and their eggs to salmonella poison and leads to increased shedding of Salmonella enteritidis by the laying hens subjected to this practice.

Respectfully,

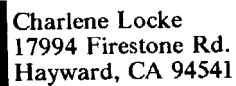

Charlene Locke
